# WHAT IS SOCCERENA

## STREETSOCCER

## EVENT IN SPAIN

## SOCCER COURTS STREET & INDOOR

THE MOBILE OR STATIONARY ARENA SYSTEM  
WITH PATENTED CONNECTING TECHNOLOGY

### SYMBOL FOR EQUAL OPPORTUNITIES AND SOCIAL CONFIDENCE

Soccer as an activity in children and youth work is irreplaceable! The support of gathering and communication between young people of different nations is one of the primary goals.

Streetsoccer tournaments focus particularly on boys and girls who are not registered or organized at a soccer club.

Portable as well as stationary SOCCERENA® courts are specifically suitable for social occupation in children,- youth and street work. Both systems are world-wide approved eligible funding investments.

# WHAT IS SOCCERENA

## BEACH-SOCCER-EVENT IN SOUTH AFRICA

## INFINITELY GAMING-VARIATIONS

### INTEGRATION THROUGH SPORTS ...

... is one of the possibilities to accomplish social conflicts among children and adolescent – because nothing brings people from different situations better together than sport!

#### Projects like:

- Street Football for Tolerance ([www.strassenfussball.de](http://www.strassenfussball.de))
- Streetsport ([www.streetsport.net](http://www.streetsport.net))
- Streetsport Neckar-Alb e.V. ([www.street-sport.de](http://www.street-sport.de))
- KICKFAIR e.V. ([www.kickfair.org](http://www.kickfair.org))
- Fußball Grenzenlos ([www.berliner-fussball.de/soziales/integration/fussball-grenzenlos/](http://www.berliner-fussball.de/soziales/integration/fussball-grenzenlos/))

are examples for preventive youth work.

## IMAGINATION WITH NO LIMITS

Soccerena also creates **completely new playing grounds** for your event – how about playing **bubble soccer** within a surface, or a **Beachvolleyball-Field** in the city, combined with a **Football-Field**?

#### Eventmanagement examples at:

- [www.street-soccer-arena.de](http://www.street-soccer-arena.de)

# THE DIVERSITY

## THE STANDARD-COURTS

Court 15 x 10 m with surround netting, goals with lateral access door

Court 18x12 m loaded in the trailer

## THE XXL COURT 40 X 20 M

### ENDLESS DIVERSITY IN FORM AND SIZE!

- The **TOURNAMENT COURT 15x10 m**  
Dimensions: nominal 15 x 10 m, actual approx. 15,20 x 10,20 m
- The **SMALL COURT 12x8 m**  
Dimensions: nominal 12 x 8 m, actual approx. 12,20 x 8,10 m
- The **LARGE COURT 18x12 m**  
Dimensions: nominal 18 x 12 m, actual approx. 18.30 x 12.20 m

- **Goals:**  
180x120 cm (clear dimensions)
- **Netting (optional):**  
2 m high above panels  
(continuous all around, 1 piece)

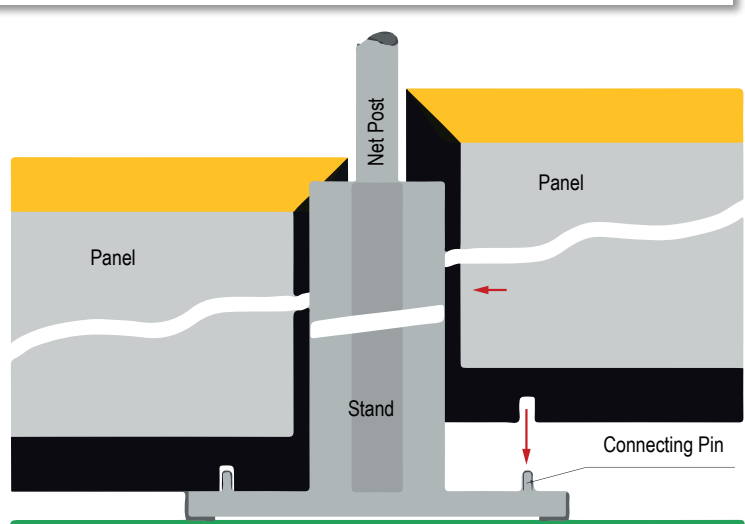

## ONE SYSTEM MANY OPTIONS

Any court-size is possible, by choosing the desired amount of panels and goals available. We are happy to offer you a drawing of your individual court including piece list.

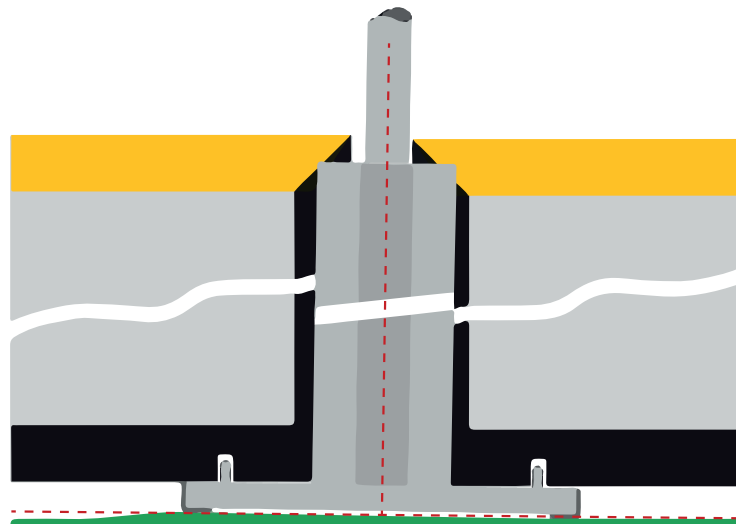

# THE POSSIBILITIES

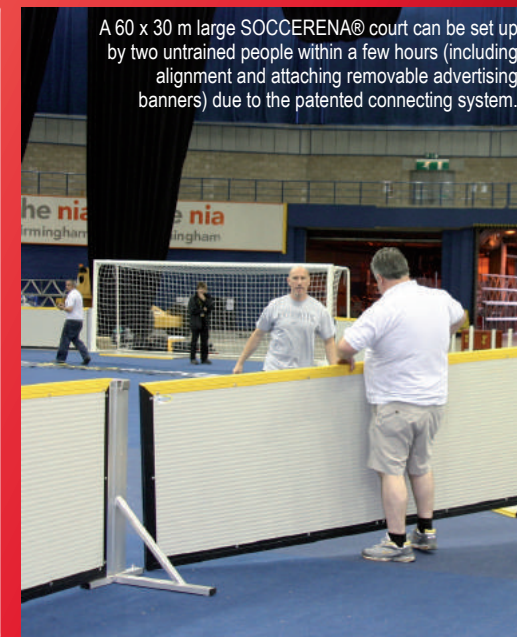

## THE PATENTED CONNECTING TECHNOLOGY

Guaranteed for easy setup and dismantling of court without any tools.

Automatic stress free adjustment to uneven ground.

A 60 x 30 m large SOCCERENA® court can be set up by two untrained people within a few hours (including alignment and attaching removable advertising banners) due to the patented connecting system.

### The SOCCERENA®-System

besides the most common portable version, the SOCCERENA- Court can as well be supplied with stationary stands – recommended especially for public playing fields with long-term use, e.g. in public parks or swimming baths.

Due to our long term experience in planning, producing and installing we can submit the best possible proposal considering your specific needs.

### The Patented Connecting System

of SOCCERENA® Courts features the most simple handling and adaptability to uneven grounds (especially outdoors). Quick setup and dismantling are guaranteed characteristics of this outstanding product that make each event easy to organize.

The robustness of the arena boards, connector stands and goals, as well as the adaptability to different pitch dimensions and extension options, are typical for this sophisticated system.

### SOCCERENA® Courts

are well-engineered, established and approved at numerous events around the world. As a free service we provide a 1:100 scale layout of the required court configuration including the piece list.

# THE POSSIBILITIES

## ARENA BOARDS

**Arena Board**

Design changes in sense of further development reserved.

## THE BRANDING

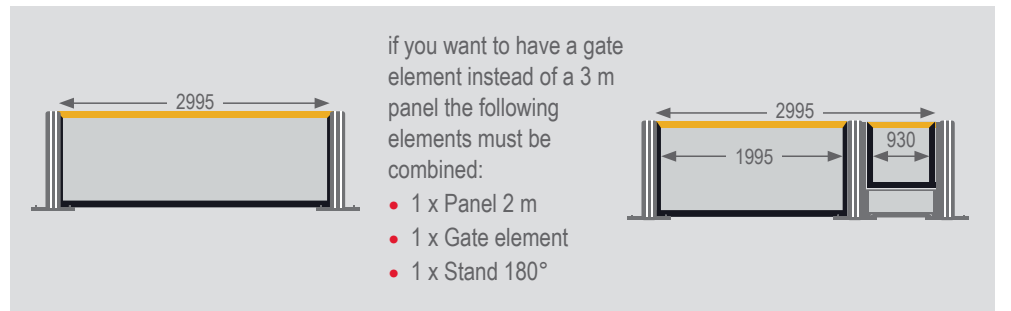

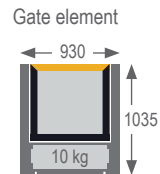

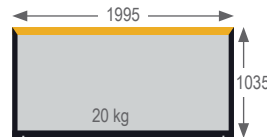

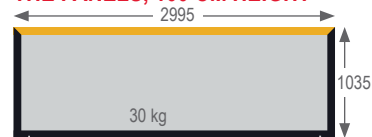

The SOCCERENA® bands are ideal as an advertising medium for branding. We advise you on the professional implementation of your individual wishes!

### ARENA BOARD 30 MM STRONG

noise-reducing 30 mm (1.2") thick and sandwich type board made of 0.55 mm (0.02") micro profiled steel sheet with PU hardfoam core. The stiff plate is framed with a specially designed abs plastic profile. The board is absolutely weather resistant and its surface is ideal for branding and advertising. digital 4-colour print with adhesive film at reasonable prices (please ask for an estimate).

#### THE PANELS, 100 CM HEIGHT

# CONNECTOR STANDS FOR MOBILE COURT SYSTEMS

Design changes in sense of further development reserved.

## PORTABLE COURTS

Stands are made from drawn natural aluminium profiles, welded legs and braces with integrated sleeve for net posts of 50 mm (2") diameter. Legs with fixing pins that keep boards and stands together.

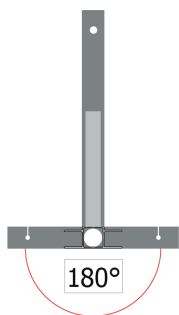

## WEIGHT PLATE

Steel disc (20 kg) fits exactly to the leg contour, with rubber floor pad when used indoors.

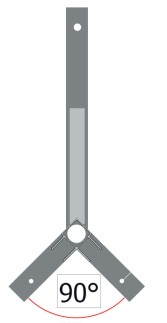

In order to keep the freestanding SOCCERENA® Court in an optimum position we recommend to weight the stands by using specially designed weight plates.

## 180° STAND

180° Stand (straight connector)

## 90° STAND

90° Stand (corner connector)

## GOAL CONNECTOR STAND

**Goal Connector Stands**  
without braces, to be fixed to goal posts.

**Goal Connector Stand**  
for goal heights over 100 cm. All stands feature integrated sleeve for net post insert.

## NET POST

**Net Post**  
aluminium tube 3 m long, Ø 50 mm, with hook on the upper end to hold the netting, fits into stand profile.

# THE CONNECTOR POSTS FOR STATIONARY ARENA SYSTEMS – TO INSERT IN GROUND SOCKET

Design changes in sense of further development reserved.

## FOR STATIONARY COURTS

Posts are made from drawn natural aluminium profiles 80x80 mm, designed to insert in ground sockets, with integrated sleeve for net posts of 50 mm (2") dia.

## GROUND SOCKET

### ALUMINIUM GROUND SOCKET

square section, fits all SOCCERENA® connecting elements, including square cover and lid, complete set.

## CONNECTOR POSTS

### A) SOCKETED CONNECTOR POST 180°

with integrated sleeve for net post, welded aluminium profile.

### B) SOCKETED CONNECTOR POST 90°

with integrated sleeve for net post, welded aluminium profile.

## GOAL CONNECTOR POST

### SOCKETED GOAL CONNECTOR POSTS

(for left & right side of the goal) fits goal frame section 80 x 80 mm, made from welded aluminium, with integrated sleeve for net post.

## NET POST

Net Post for stationary Connector Posts, made from aluminium tube 3 m long, Ø 50 mm with hook on the upper end to hold the net edging.

# THE GOALS

**GOAL SIZE 180x120 CM**

**GOAL SIZE 300x200 CM**

**GOAL SIZE 400x130 CM**

**GOAL SIZE 500x200 CM**

**180x120 CM IN RELATION WITH THE BOARDS**

**GOAL FOLDS FOR EASY TRANSPORT**

**INTEGRATED DOOR**

## The rigid SOCCERENA® Goals

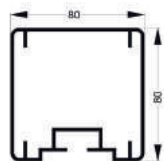

in 4 standard dimensions – special sizes upon inquiry – designed to fit into the goal connector stands

### Goals without access door

applicable for courts with gate element on the long sides of the court (eg. for courts without surround netting).
